HAI THIEN SYNTHETIC FIBER LIMITED COMPANY

AT YARN EXPO
AUTUMN 2019

Asia's comprehensive yarn
& fibre business platform,
Yarn Expo Autumn 2019
will feature recycled
polyester staple fibre

manufacturer **Hai Thien
Synthetic Fiber
Limited Company**
from Vietnam.

RECYCLES WITH SPEED

Hai Thien Synthetic Fiber Limited Company will showcase their two **recycled polyester staple fibre** production lines at Yarn Expo Autumn 2019.

Hai Thien Synthetic Fiber Limited Company was founded in 2016 and is located in the Hai Son Industry Zone in Duc Hoa District, Long An Province, Vietnam.

Hai Thien's major products are **white, black and coloured recycled polyester staple fibre** with dimension from 0.9 denier to 25 denier and fibre cut length from 25mm to 76mm. These fibres are broadly applicable to **ring-spinning, open end spinning, non-woven fabrics and the silicone filling industry**, while the company is also able to produce **customised dope-dyed fibres** in accordance with customers' requirements.

Hai Thien's colored fibres are **eco-friendly**, evenly-dyed and have perfect fastness. They have an **experienced and excellent technological team together with advanced equipment** and good management. With consistent efforts, Hai Thien's products have gained trust and praise from customers. Their production scale has rapidly enlarged from 2016, with a second production line launched in May 2018. Their **production capacity has increased from 1800 tons to 3500 tons per month**.

At the same time, to continuously raise product quality, Hai Thien focuses on every step in the **quality control** process from sifting raw materials, technology requirements and production management so as to ensure that all products are up to the standard. Hai Thien obtained **GRS 4.0** and **OEKO-TEX® 100 certificates** in 2018.

TARGETING THE CHINESE MARKET WITH **COMPETITIVE PRICE** AND **STABLE QUALITY**

*“As we know from our customers all over the world,
most of them will choose to visit Yarn Expo Autumn in
Shanghai China.”*

“China is the **biggest market to export recycled polyester stable fibre** and also has the **highest demand for recycled polyester staple fibre** in local factories.

Our polyester staple fibres are **exported to different countries and regions** in the world such as **Europe, Asia, America** and more. Meanwhile, we are also supplying **PSF in the Vietnamese market**.

As we know from our customers all over the world, **most of them will choose to visit Yarn Expo Autumn** in Shanghai China. At the fair they will consider all of the **reliable suppliers, raw materials and products**. We hope to promote our products at Yarn Expo Autumn to all the customers over the world. At the same time **we are looking to meet Chinese market demands with our competitive price and stable quality**.

At Yarn Expo Autumn 2019, we would like to meet **customers with spinning mills and nonwoven fabric factories.**”
