The Aditya Birla Group

has been in the spinning business for more than five decades. We are reckoned as global leaders in synthetic spun yarn production. Our products are synonymous. Our yarns are being used in all kinds of textiles end use - i.e Apparel, Home Textiles and Technical Textile. Our ability to produce superior quality yarn is largely due to the plethora of world-class, cutting-edge facility.

ADITYA BIRLA GROUP

ABY have numerous offers in yarn including **dope and greige viscose, poly / viscose blends, polyester, special polyesters** like optical poly, FR poly, bright poly, UV protect poly etc, **cellulosic** includes modal, excel (lyocell), FSC mix viscose or PV yarn, technical textiles including **aramids, PPS**, functional yarn like **coolmax, thermolite, s-café blended yarn, recycled poly with GRS, sorona blends, wool blends, linen blends, cotton (carded / combed)** etc.

ADITYA BIRLA YARN

AT YARN EXPO
AUTUMN 2019

Being Asia's comprehensive yarn & fibre business platform, Yarn Expo Autumn 2019 welcomes

Aditya Birla Yarn

from Indonesia to display their collection yarn in form of garment and yarn package.
