## ELSE BORNEWA RECYCLED YARN

AT YARN EXPO  
AUTUMN 2019

Being Asia's comprehensive  
yarn & fibre business platform,  
Yarn Expo Autumn 2019  
welcomes Turkish manufacturer  
of recycled cotton yarn and  
recycled yarn

**Else  
Bornewa Recycled  
Yarn** to showcase their  
products in Shanghai.

## EXPLORE AND EXPAND THE CHINA MARKET

**Else Bornewa Recycled Yarn**  
exports open end and recycled  
yarns mainly to European  
countries and the US. The  
company will take the opportunity  
to gain insight on the Chinese  
market through Yarn Expo  
Autumn.

# THE COLOURS OF REGENERATION

In 1996 **Else tex. Inc** was established, and beginning with **cotton yarn production**, soon became a formidable name in both the textile and manufacturing sectors. The company factory was built in Corlu, with an 80,000 square meter open space and a 42,000 square meter indoor area. The company **exported open end and recycled yarns to many countries around the world**, but mainly to European countries and the United States. They have a **daily production capacity of 24 tons of yarn**.

Their featured product is **recycled yarn in 63 colours**, which are **OEKO-TEX®** and **GRS certified**. They can produce, in a range of NE 4-36 in composition, cottonless, cotton and acrylic yarns.

As they test the Chinese market,

**Else Borneva Recycled Yarn** will exhibit at **Yarn Expo Autumn 2019** to **introduce their products** to the many **visitors from different countries worldwide** at the fair, goal to contact buyers specialised in knitting, weaving and socks.
